Sports Director: Radek Procházka

Title: Boccia Emil Open 2025

Date and time: 26. - 27. 6. 2025; 26. 6. (09:00 - 17:00), 27. 6. (09:00 - 15:00)

Place: Faculty of Sports Studies MU, Kamenice 5, 625 00 Brno-Bohunice
<http://www.fsps.muni.cz/pronajmy/?page=facility>

Sports hall: The playing area will consist of three match courts and one throwing court (Warm Up), the playing floor is a decking. The hall facilities include changing rooms, rest areas where you can lie down, showers which will be equipped with shower chairs, and a wheelchair accessible toilet.

Game breakdown: BC1, BC2, BC3, BC4, BC5 nobody registered

It is not necessary for athletes to have a medical classification. It is up to each player (his coach, doctor, boccia referee, etc.) to **classify himself in the appropriate category** according to his disability. As appropriate, the head referee at the sports ground will determine before the start of the competition which category the player falls into and reassign him/her if necessary. **The only restriction on athletes is their age, which must be between 10 and 26 years of age.**

If there is a situation of insufficient occupancy of some categories, we will proceed to merge the categories. We will take into account the performance of each category in the merger.

BC1 - In this division, players classified as CP1 or CP2 in the Worldboccia classification compete. Players may be assisted by one sports assistant who must remain in a designated area behind the throwing box. These assistants perform tasks such as: adjusting or stabilizing the playing cart, passing the ball to the player, rolling the ball (getting the desired shape).

BC2 - In this division, players classified as CP2 in the Worldboccia classification compete. Players cannot have a sports assistant during the game. Players may request an assist from an umpire during their playing time, only to hand them a dropped ball or when entering the court.

BC3 - In this division, players with very severe motor dysfunction of all four limbs, whether of cerebral or other origin, compete. Players are unable to operate a wheelchair and are dependent on the assistance of an assistant or electric wheelchair. Players are unable to exert a sustained grip and therefore use assistive devices. Each player is allowed an athletic assistant who remains in the throwing box, but must remain with their back to the playing area of the court and with their eyes averted from their own game.

BC4 - This division includes players classified under Worldboccia rules as BC4 - non-pasty disabled and BC4 players playing with their feet. Players cannot have a sports assistant during the game. Players may request assistance from an umpire during their playing time to pass them a dropped ball or when entering the court.

BC5 - players with a physical disability of three limbs, generally players who have a better physical profile and function than players in the BC2 and BC4 classification classes.

Competition system: Players who play by throwing balls with their limbs (BC1, BC2 and BC4) will be combined into one category called "Throwers" due to lower participation. This category will have basic groups from which the winners of the groups will advance to the elimination (semi-finals). The BC3 category will have one group where all players will play each other twice.

Each player is required to report to the Callroom 30 - 15 minutes prior to each of their matches. If a player fails to do so, his match will be forfeited by default, see Worldboccia rules.

Technical briefing:

On June 25, 2025, a meeting will be held between the team leaders and the Sports Site Coordinator, Head Referee and Tournament Director. At this meeting, the team leaders will register their players for the tournament and confirm the player's acceptance into the respective competition classes.

Evaluation: the top three athletes in each category will be awarded a medal.

Rules: The competition follows the official Worldboccia rules, downloadable here: <https://www.worldboccia.com/about-boccia/rules/>. Players' equipment will not be checked during the tournament. We trust that competitors will have technical equipment in a condition consistent with fairplay. No medical classification is required for this tournament.

Takeaway: Appropriate sports clothing and **indoor (non-staining, light-soled) shoes for the entourage**; clothes to be worn after the match. The player is required to wear a jersey (also in the locker room and convocation hall) during the match, including accreditation and starting number. Without these items, the athlete will not be allowed to participate in the match. **A jersey is defined as a minimum of a shirt with the facility or country from which the player originates.**

Note: The organizer reserves the right to change or modify the rules and regulations of Boccia if necessary to maintain fair play.

If a player does not have his/her own balls, it is possible to rent boccia sets from the organizer for the duration of his/her match.

In the BC3 category, we require that the player has a ramp operator who will not do this for another player in the same category.

The showers in the changing rooms will be adapted for wheelchair users (chairs) - in case of a problem, please communicate with the sports manager.
