

Regular Public Transport Connections to the City Centre (Česká Stop) during Emil Open 2025

To make your travel easier during Emil Open 2025, we have prepared an overview of the most common public transport (MHD) connections from accommodations and sports venues to the Brno city center, specifically to the Česká stop.

The recommended connections serve as a guide – other options may also be available depending on the time of day. Of course, you can use the routes in the opposite direction as well, i.e., from Česká back to your accommodation or sports venue.

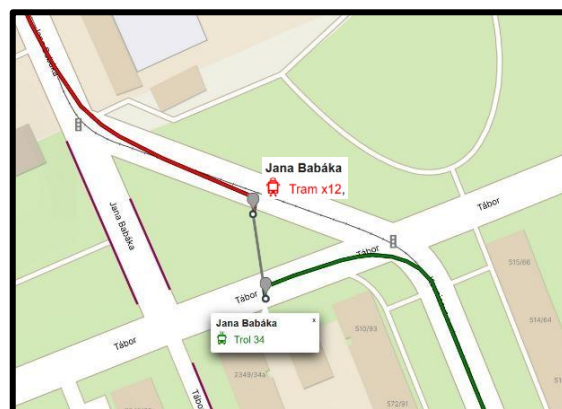

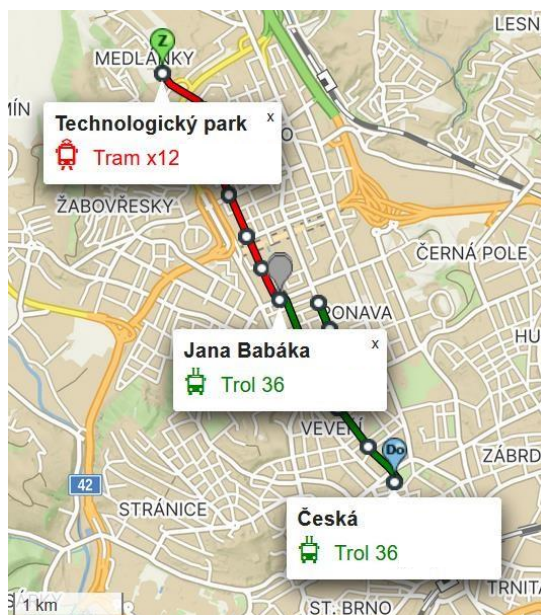

For up-to-date travel information, we recommend using the [IDOS](#) mobile app (for English version possible change in the setting), which also allows you to filter for low-floor vehicles.

Accommodation → Česká

Pod Palackého vrchem Dormitories
